

Fosi Audio

Redefining HiFi with Unmatched Value.

Fosi Audio P4

Preamplifier & Multi-Source Selector

Motorized Potentiometer

V3-Derived

Multi-Source Input

High-Performance

Ease of Use

Highlight Summary

- **Multi-Source Input:** The P4 features three sets of RCA inputs, allowing simultaneous connection of up to three audio sources with seamless switching. It offers a set of RCA output and a 3.5mm Pre-Out interface, catering to various audio setups and functioning as the central hub of your audio system.
- **Motorized Potentiometer:** The P4 incorporates a motorized potentiometer, ensuring precise and smooth volume adjustment with pure analog control. This design maintains superior signal integrity and minimizes distortion, offering better audio performance and an enhanced listening experience.
- **High-Performance:** The P4 delivers outstanding audio performance with an SNR of over 110dB, dynamic range exceeding 110dB, and total harmonic distortion plus noise (THD+N) as low as 0.003%. With crosstalk $\geq 103\text{dB}$, output noise $\leq 9\mu\text{V}$, and a frequency response of 20Hz-20kHz ($\pm 0.1\text{dB}$), it ensures clear, distortion-free, and accurate sound across a wide range.
- **V3-Derived:** The P4 adopts the design language of the V3 amplifier, making it part of the same product series. It complements the V3 by serving as a preamp, while the V3 functions as the power amplifier. When stacked, they not only create a visually appealing setup but also save space, offering a streamlined and efficient audio system.
- **Ease of Use:**
 - Remote Control:** Control volume, source selection, power, and mute from anywhere in the room.
 - 3-Level Gain Selection:** Choose among 3dB, 6dB, and 9dB gain levels to match different source output levels, ensuring optimal system volume.
 - Bass & Treble Control:** With central detents, adjust bass and treble to suit personal sound preferences.
 - Bypass:** Allows signal bypass of bass and treble adjustments, preserving the original signal output for the purest sound reproduction.

Specifications

Model Name	P4
Channel	2.0
Input	RCA*3
Output	RCA, Pre-Out
Op-Amp	NE5532DR*4
Gain Levels	3dB, 6dB, 9dB
Bass/Treble Gain	±12dB
Terminal Impedance	≥1kΩ
SNR	≥ 110dB
Dynamic Range	≥ 110dB
THD	≤ 0.003%
Crosstalk	≥ 103dB
Noise Floor	≤ 9μV
Frequency Response	20Hz-20kHz(±0.1dB)
Input Voltage	DC 12V

About Fosi Audio

Established in 2017, Fosi Audio has been committed to developing, manufacturing, and selling high-quality HiFi audio products. The brand name FOSI is shaped by four core principles: Foresight, thinking further ahead; Open, embracing users' voices; Sincerity, serving you wholeheartedly; Innovation, upholding technical excellence. We've crafted a home and personal HiFi system—including home audio amplifiers, preamps, DACs, speakers, headphones, headphone DAC amps, etc. Fosi Audio has quickly become a rising star in the HiFi audio world, earning recognition from audiophiles globally, with a distribution network spanning over 100 countries and trusted by millions of music enthusiasts across the globe.

We believe every sound matters. With cutting-edge innovation, we make every note clear, real, and full of emotion, empowering you to "Hear the Unheard". Driven by our mission to redefine HiFi with unmatched value, Fosi Audio continues to fuel its passion for the HiFi industry, ramp up R&D efforts, and co-create new HiFi equipment with users. We pledge to bring more amazing HiFi gear with cutting-edge technology, innovative design, and premium quality to audiophiles worldwide.
