

Fosi Audio

Redefining HiFi with Unmatched Value.

Fosi Audio VOL20

Multimedia Volume Control Knob

Easy handling

RGB Lighting

Full-Zinc Alloy

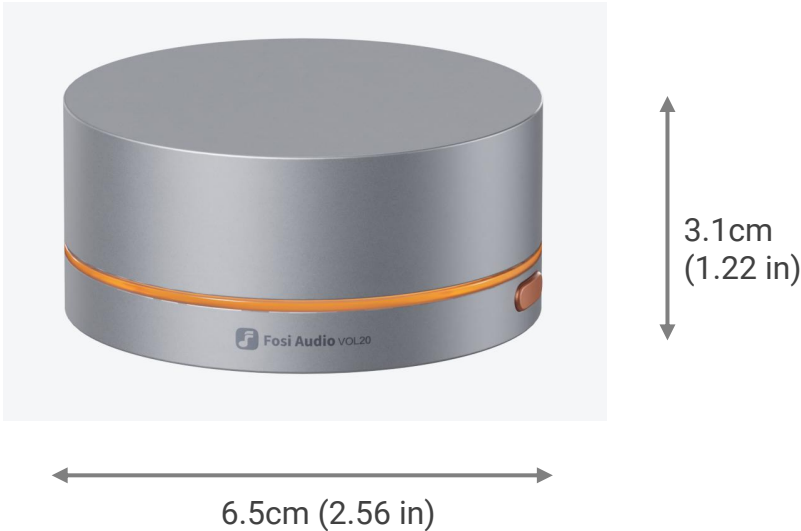

Bluetooth

Durable Battery

Highlight Summary

- **Multimedia Volume Control Knob:** This device allows you to separate the volume control of your smartphone, tablet, or computer, providing instant adaptation for work, gaming, and listening needs, or to respond to environmental changes. With its rich features and convenient operation, it is the ideal choice for desktop settings.
- **RGB Customizable Lighting Effects:** The light strip offers four modes: constant on, off, auto-off after 5 seconds of inactivity, and colorful breathing transitions. Both the constant on and the auto-off after 5 seconds modes can be adjusted to your preferred color (press and hold the light mode button for 2 seconds, rotate the knob to adjust the color, then click the light mode button or wait 3 seconds to confirm the color).
- **CNC Full Zinc Alloy:** The casing is made of full zinc alloy and crafted using precise CNC machining technology. The exterior is treated with high-temperature baking paint, ensuring not only a high-quality texture and substantial feel but also excellent wear resistance and a good touch.
- **Bluetooth Supported:** In addition to wired modes, the VOL20 also supports Bluetooth connectivity, saving desk space and maintaining a tidy workspace. For remote control needs, VOL20 offers a connection range of up to 10 meters, eliminating the need to physically approach the main device for volume adjustments.
- **Durable Battery Life:** When fully charged and using Bluetooth mode with the light strip turned off, the VOL20 can last up to 500 hours; with the light strip activated, battery life extends up to 15 hours.

Specifications

Model Name	VOL20
Material	Zinc Alloy
Connection Method	Bluetooth/USB
Bluetooth Connection Range	≥10m
Lighting Modes	Constant Light Mode; Light Off Mode; Auto-Off after 5 Seconds of Inactivity; Color-Changing Mode
Lighting Colors	RGB
Battery Capacity	750mAh
Functions	Volume Up/Down; Previous Track; Next Track; Play/Pause; Mute/Unmute
